

TOUR DE COMPETENCE

TROX - AIR IS LIFE

Fascination with technology? The art of handling air can now be experienced in an interactive film.

Visit the TROX Research & Development laboratories and carry out flow tests, acoustic tests and a fire protection test for yourself.

Take a tour through the TROX laboratories and listen to the TROX specialists as they give you an overview and demonstrate their know-how on ventilation technology, acoustics, fire and smoke protection, smoke extraction and design.

Choose to either view the tour in the suggested sequence or intervene and plan your own tour using the menu provided. Additional footage shows visits to the Institute for Energy Efficient Buildings and Hadi Teherani in Hamburg along with a brief company video which concludes the tour.
