

INSTALLATION / SYSTEM CONSTRUCTION

WORKING EFFICIENTLY AND SAFELY

Whether it is in the area of sanitation, heating, and air-conditioning or a large system builder, you are an expert in building services and power engineering and contribute considerably to the energy efficiency of your building and the well-being of its tenants. In this very versatile area of activities, clever concepts that are easy and safe to install and operate are what count. TROX offers system solutions from a single source for new construction and refurbishment, for every building type and every building size.
