

## CERTIFIED QUALITY - THE CERTIFICATES OF YOUR TROX AIR PURIFIER

We want to provide you with a product that you can rely on 100 % – which is why we tested and certified all the basic functions and components of the TROX AIR PURIFIER in accordance with German and European guidelines.

### TÜV-CERTIFIED SAFETY

The electrical safety of the TROX AIR PURIFIER was tested by TÜV Rheinland in accordance with the following standards.

- IEC 60335-2-65:2002
- COR1:2004
- AMD1:2008
- AMD2:2015 in conjunction with IEC 60335-1:2010
- COR2:2011
- AMD1:2013
- COR1:2014
- AMD2:2016
- COR1:2016

### CERTIFIED CLEANING EFFICIENCY

The measurements conducted by the Institute CAT Clean Air Technology GmbH show a clear cleaning efficiency of the TROX AIR PURIFIER thanks to the rapid reduction of aerosol concentrations as a result of the separation from the particulate filter.

### CERTIFIED HYGIENIC CONFORMITY

The TROX AIR PURIFIER meets the hygienic requirements of ventilation and air conditioning systems and devices in accordance with the following guidelines.

- EN 16798-3:2017-02
- VDI 3803 Sheet 1:2010-02
- VDI 6022 Sheet 1:2018-01
- ÖNORM H 6020:2019 06
- ÖNORM H 6021:2016 08
- SWKI VA104-01

## CERTIFIED FILTERS

The H13-HEPA filter and the prefilter in the TROX AIR PURIFIER are certified in accordance with all the usual standards and guidelines.
